

UI / UX Design

User epdi paakkuvaanga, epdi use pannuvaanga

UX = user experience (use panna easy-a irukkaa). **UI** = user interface (paakka epdi irukku).
Rendum sernthu thaana nalla design.

Design Process

Stage	Yenna pannanum
User research	Users yaar, avanga thevai yenna.
User flow	Oru task mudikka users edukkura steps.
Wireframe	Pencil / simple boxes-la layout.
Mockup	Colors, fonts, images-oda final look.
Prototype	Click panni paakkalaam (Figma).
Usability test	Users-a use panna sollitu observe pannunga.

UI Basics

- **Consistency:** Same button, same color, same font ellaa pages-layum.
- **Hierarchy:** Mukkiyamaana vishayam periya-a, mudhal-la.
- **Whitespace:** Nerukkama vidunga, breathing space kudunga.
- **Contrast:** Text easy-a padikkanum.
- **Responsive:** Mobile, tablet, desktop-la work aaganum.

UX Principles

- Simple-a irukkanum - kammi clicks.
- User-ku feedback kudunga (loading, success, error).
- Thappu vandhaa purinja message kaattunga.
- Accessibility - color blind, screen reader support.
